WILLIAM BARTON

GRAPHIC & WEB DESIGNER • BRAND DEVELOPMENT
NOW BUILDING WITH CLAUDE AI

A web, brand, and graphic designer with 15+ years creating clean, on-brand digital work. I build primarily in Webflow and am actively moving into a **Claude AI Workflow** for custom builds.

THE TRACK RECORD

EXPERIENCE

Graphic & Web Designer

2009 — PRESENT

Bartosuerte • Freelance

- Design and build responsive, on-brand websites end to end — from brief and wireframes to a shipped site, primarily in **Webflow**.
- Deliver full creative services across branding, graphic design, and photography for a recurring client roster.
- Increasingly use **Claude (cowork + Claude Code)** to build custom features beyond Webflow's defaults; versioned in GitHub.

Creative Marketing Director

2020 — 2022

Humble & Fume Inc. [Remote]

- Replaced legacy marketing systems with a scalable **Webflow + Klaviyo** framework — a systems redesign, not a reskin.
- Drove a **20% increase in email marketing revenue** through template and delivery/retention redesign.
- Owned communications in a compliance-sensitive, investor-relations-heavy environment.

Digital Designer & Photographer

2018 — 2020

One Tree Forest Films

- Produced cross-platform digital assets and photography to client specs in fast-paced, deadline-driven production.

Junior Designer & Web Manager

2011 — 2016

Windship Trading Co.

- Managed an e-commerce platform end to end; grew online sales through optimized merchandising and clean UX.

CAPABILITIES • HOW I CAN HELP

Websites, End to End

Brief and wireframes to a shipped, responsive site.

Identity & Assets

Branding and graphic design, consistent everywhere.

Original Content

Product, brand, and lifestyle photo + video to spec.

AI-assisted Builds

Functional tools built in a Claude-native workflow.

THE APPLICANT REVIEW TOOL

A live tool that grades any candidate's documents against a job posting and answers questions about them — designed and built end to end with Claude, to my own design system.
